TROTSKYITES BEHIND LUNCH COUNTER DEMONSTRATIONS

The current sit down strikes and demonstrations being held throughout the South is no mere coincidence, but was planned by the Reds to influence “Civil Rights” legislation and to furnish the Kremlin with propaganda, thus aiding Russia in her cold war against the United States.

It is also no mere coincidence that Martin Luther King was picked to lead these demonstrations. When King attended Morehouse (negro) College he came under the influence and direction of Benjamin Mays, President of Morehouse. Mays saw potentialities in King, as he showed a radical tendency and was given special treatment and instructions to mold him into a rabble-rouser. King could not have had a more qualified teacher than Mays. His activities include Board of Directors, NAACP and he is connected with a number of Communist fronts and subversive organizations listed by the Attorney General. (Subversive organizations in bold type).

American Committee for Protection of Foreign Born; Civil Rights Congress; National Federation for Constitutional Liberties; United Negro and Allied Veterans of America. 23 Communist front citations.

Rev. Martin L. King, Jr., mugged and finger printed by Montgomery, Alabama police.

While studying at Crozier Theological Seminary, King came under the influence of Mordecai Johnson, President of Howard (negro) University, who interested King in the Mohandas K. Gandhi, passive resistance (a smoke screen to hide their real intent). Johnson has a record of Communist affiliations and Communist front citations.

National Federation for Constitutional Liberties; Southern Negro Youth Congress. 14 Communist front citations.

In 1956, King led the Montgomery, Alabama bus strike with Bayard Rustin, negro, identified by The Daily Worker as King’s secretary. Rustin was arrested in San Diego, Calif., in 1953. He was charged with the violation of penal code section 288, a lewd vagrancy (homosexuality). Rustin was sentenced to 60 days in jail when he pleaded guilty.

Rustin serves on the Advisory Board of Congress of Racial Equality (CORE); He served as a missionary for the American Friends Service Committee, a left-wing organization; College secretary of the Fellowship of Reconciliation, a Communist front; Served as secretary of the War Resisters League, whose slogan is “to unite men and women who have determined to give no support to any war, irrespective of the reason.” The Daily Worker lists Bayard Rustin as one who attended the 1957 convention of the Communist Party, U.S.A.

In 1957 King attended Highlander Folk School at Monteagle, Tennessee, known as a Communist training school. King attended all its workshops and addressed the assembly.

In 1958, King’s name appeared in Fellowship, the official publication of the Fellowship of Reconciliation, he serves on the Advisory Board.
The largest left-wing pacifist group in the United States is the Fellowship of Reconciliation. For years, A. J. Munte was the executive secretary of this organization.

In 1953, Munte deserted both the Church and pacifism for the Communist cause.

The Fellowship of Reconciliation claims to have been the parent of many left-wing organizations which have worked to further the interests of the Communist conspiracy in the United States. In its official history, the Fellowship has the following to say about itself: "Out of its activities and the activities of its members and committees have grown such diverse organizations as the National Conference of Christians and Jews, the American Civil Liberties Union, the Religion and Labor Foundation, the Workers Defense League, the Committee on Militarism in Education, the Congress of Racial Equality, the National Council Against Conscription, the Society for Social Responsibility in Science, the Church Peace Union, and most recently, the American Committee on Africa."

The Fellowship of Reconciliation is officially on record as counting its members to join "political movements which aim at the replacement of private capitalism by a system of collective ownership." This broad category is enough to include the Communist movement as well as the Socialists.

The current and official apparatus of the Fellowship was well represented in the composition of the Cleveland Convention of the National Council of Churches. From the early years of the Federal Council of Churches, its personnel was extensively interconnected with that of the Fellowship of Reconciliation.

King was also made a member of the Advisory Board of the Council of Racial Equality.

Fellowship of Reconciliation in the parent of Congress of Racial Equality, some of its officials serve both CORE and Fellowship. According to one of them, "Thehit technique being used can be justified called the CORE technique because CORE was a pioneer in this method" (according to our files, this statement is true. They have been agitating and stirring up trouble for a number of years). Their aim, the pamphlet states, is to integrate not only in hotels, but in swimming pools, barber shops, restaurants, and all other places of public accommodations. The pamphlet further states: "A sit-in is CORE's oldest and most widely used technique. The CORE group, often divided into three units - one negro, one white, and one interracial - demonstrates at an eating place shortly before the busiest hour, sits down and waits to be served."

In its official publication, CORE-later, alleged reading: "Martin L. King's book "Strides Toward Freedom," subtly written to inflame negroes. CORE-later is edited by the atheist, Jim Park, Park was the editor of the Communist front Workers Defense League's News Service; he is a columnist for the left-wing Independent Labor League."

In 1953, CORE lists his contributions at $22,550.82, membership dues $56.38, with sale of literature totaling $2,748.70. At the same time, the membership dues were $20,000.00, with sale of literature totaling $2,748.70.

In April, 1959, King was one of the original signers of the call for a Student March on Washington, which was largely sponsored and directed by the CORE.
How Red is Congressman Adam Clayton Powell?

Natural things with perfect naturalness.

"My wife, Hazel Scott Powell, and I have done just what any new advocating with our son, Skipper!"

The foregone serves to prove that the thin veneer of civilization has peeled back from Adam Powell, and he is merely reverting back to his tribal ancestry.

We believe Congressman Powell would be the least qualified to serve as chairman of this committee. According to our poll, he has a most unsavory record.

Sex in Church

Powell is a Baptist minister in Harlem. Among some of the declamations made, he is cited for, 'sin, sex, class, marriage, and other things pertaining to this subject which he considered obscene and should be told elsewhere. He draws large audiences with this gimmick.

14 COLLEGES BACK STUDENT LOYALTY OATH

Sixteen college and university presidents, defying the Ivy League attitude of Harvard and Yale, have declared themselves solidly behind the Student Loyalty Oath.

All of them have called for the defeat of Senator John F. Kennedy's bill which would-substitute affidavit requirement for students receiving loans under the Higher Education Act.

Under the 1958 act, a college student who wants to borrow money from the Federal Government to defray the cost of his education must first file an affidavit that he will not engage in any activity which would disloyal to the United States.

Some of the presidents who supported the Higher Education Act in Arkansas, stated simply, "...A normal young man or woman should be proud to declare loyalty to this country and to say that he will not engage in any activity that is disloyal to the United States."

The picture above was taken at the Appalachian Baptist Church. The sex movie is being shown as part of regular film series. The boys and girls fundamental knowledge in body functions. The movies made big audiences.

Subversive Background

FLORIDA GOVERNOR AND MIAMI MAYOR SUPPORT RACE-MIXING

The Governor of Florida and the Mayor of Miami have recently been exposed in a Jekyll and Hyde role, $5,000 leaflets with a picture of the Mayor and Hyde role, $5,000 leaflets with a picture of the Mayor and Hyde role.

The Governor of Miami has attended the Urban League's inter-racial basketball game, while the Mayor of Miami has initiated the "Equal Opportunity Day" and urged all citizens to work for an inter-racial Urban League plan.

By subscribing to their pro-segregation and pro-lynching stands, both men have contributed to a general attack on all that is good about the American way of life.

The Governor's statement before the Urban League meeting was an utter disgrace.

Miami's Mayor, in his address on "Equal Opportunity Day," was just as disgraceful.

We have seen a turn towards a new era of human rights being realized in America.

The new wave of non-violent struggle is sweeping across the nation, and it is being led by a determined generation of young people who refuse to accept the status quo.

We are moving towards a new era of freedom and justice, where all human beings can live together in peace and harmony.

The Urban League and other civil rights organizations are at the forefront of this struggle, working tirelessly to end racism and discrimination.

We must support their efforts and stand with them in this crucial time of change.

Together, we can make a difference.

"Equal Opportunity Day," November 15, 1959

"Opportunity Dinner"—Equal Opportunity Day was observed at Miami's inter-racial dinner held in the swank Everglades Hotel in Downtown Miami. This marks the fourth time Florida has given expression to equal job opportunities in all workplaces.

"Equal Opportunity Day" was marked the first time that the Governor, City Commissioners and other city officials joined together to support the cause of equal rights and justice.

The Urban League, through its "Community Chest," is supporting the "Community Chest Supports Race-Mixing" leaflets can be obtained from the Union Board of Education.

Urban League, First For NAACP

According to one of the founders of the NAACP, Mary White Ovington, the Urban League was formed six months after the NAACP was founded.

FACTOR FOR FOCUS, INC.

We have just received news from Aldrich Blake, Executive Secretary, of the National African American Congress, which can be accomplished by the Virginia Legislature, by a unanimous vote has approved a resolution memorializing the right of self-determination for the peoples of the states. Other states are beginning to take a real interest. This is the first time the opposition has been made, so we would recommend all of us to send in letters to our representatives.

The Freedom of Choice Amendment presented by FOCUS not only recognizes that the problem is nation-wide, but treats it so. If adopted, it will fulfill states' rights, and revive many of the traditional freedoms associated with the American people. By outlawing enforced integration it would also discourage and minimize race-mixing.

Danny Thomas Weeps for Brotherhood

Danny Thomas, would-be comedian has called on "American men regardless of race or creed to fight bigotry without fear. American women, too, we will support "government work people together." He said this was the most effective method to achieve "unification of all of us as American sisters and sisters."

We didn't know Danny had no Negro blood and that he had black brothers and sisters.

NEWS FROM DEERFIELD ILLINOIS

Two of the men being the integrated housing project in Deerfield, Illinois, have been exposed for what they are. Both claim they are no longer employed. The companies that hired them learned their records they wanted no part of them.

One of the men involved, John Lennon, was an advertising and public relations director for a Chicago manufacturing firm, he is also treasurer of the Deerfield Citizens for "racial justice." He issued the following statement. He is - He is a member of the NAACP, which he did not deny, a Jew, and a former Trotskyite (Trotkists refer to themselves as "Socialists"); he does not deny, and he has no connection with a campaign to stop the government's anti-drug law, he has been charged with being an advocate of free love. This is the ideology of all Communist creeds. The company he was with couldn't stomach this situation, and he had no choice but to resign.

The other man involved, Charles P. Rippey, a Harvard graduate in mathematics and a lawyer, is now a law firm for whom Rippey worked and a member of the National Lawyers Guild. He is also director of the infamous Progressive Development Committee which seeks the racial integration of America's housing situation. The law firm for whom Rippey worked recently asked him to withdraw his name from the racial housing development, they asked him to resign. (January White Sentinel - "Racism behind illegal housing - in Deerfield" which exposed the firm of the directors and officers of Modern Community Developers, Inc.)

Since the integration fanatics have been stalled in their attempts to build an integrated housing project in Deerfield, Illinois, they have gone into a frenzy and have adopted other fascist tactics.

One of the fanatics, a White Deerfield minister in trying to adopt a negro child. This may be the first request of his kind in the Chicago area, according to the agitation agency spokesmen. The minister in Reverend Paul W. Bergman, 43 year old integrator leader and president of the 22th Evangelical Lutheran Church. The New, has ulterior motives that are quite transparent. To bring in a negro child would be to help the cause. To bring a negro child in a school. Word of his adoption plan soon spread through Deerfield, and the community insisted he must get the consent of a couple of white couples from friends and they "sort of upset her."

One adoption agency agreed with Reverend Bergman's intentions, but another one refused. "You can't force a child to fight political battles. They have to be fought in other ways and not through the courts."

Don't lend your copy of White Sentinel. Don't give it away. Keep it. It's the best defense of all. Give reference. Tell your friends the TRUTH it reveals. Your friends will thank you. Remember, if you believe it, tell and mail them around in your business and community circles.

CHALLENGE TO LAW

TWO SAVAGE and shocking crimes—committed within hours of each other in different parts of the City Wednesday—present grave challenges not only to those who enforce the law but to all the people who write our laws. It is difficult, if not impossible, to write calmly or dispassionately about either crime. No punishment, in our opinion, would be too lenient for the fiend who raped and robbed the wife of a Presbyterian minister on a deserted section of the platform of the 11th-St. Law, submarine's 56th at Madison Square Garden. This is the latest in a growing series of rapes that have caused New York women to be fearful of going out alone at night.

Likewise, we feel no punishment would be too harsh for the cowardly hit-run driver who struck a four-year-old girl in Harlem, took her in his car ostensibly to move her to a hospital and then abandoned her a half mile away. The little girl's body was found under a parked car on upper East 112th St early Thursday morning with a most vicious hit-run killing in memory.

There is a parallel in these two heinous instances. New York City from time to time has been a veritable plaque of both these types of crime. Many of New York's women have been unsafe for wom-
TROUBLE MAKERS WILL MARCH THROUGH SOUTH

Caravans of negroes will be rolling south by southwest in July. By truck and car and bus and special train, they’ll be “marching” on the national conventions at which either the Democrats or the Republicans will nominate a president of the United States.

Tens of thousands of negroes and white unionists will caravan through Gettysburg, Harper’s Ferry, Clinton, Tenn., and Little Rock, Arkansas (This inter-racial outfit will demand food and lodging, as such, on route) on to an “encampment” in Los Angeles during the week of the Democratic conclave. And then north to Chicago for the Republican session.

Once they gather in Los Angeles and Chicago, they’ll break up into groups. They’ll lobby among the convention delegates.

They’ll demand political platforms with definite promises of new voting laws such as Attorney General William Rogers and New York Representative Emanuel Celler have introduced.

The “marchers” will demand federal election referees. They’ll demand immediate repeal of the poll tax laws and enforcement of school integration decisions. They’ll set up their own convention headquarters with press room attached.

These are the plans of AFL-CIO officials of the new national Negro American Labor Council. Most of the labor support springs from the former CIO unions. Typical is the New Jersey section of the International Union of Electrical Workers of which Jim Carey is president. (Carey has a long Red record.)

Another labor official, Joe Overton, business agent of Local 338 of the old CIO Retail, Wholesale and Department Store Union, is organizing contingents in New York. Overton is head of the New York section of the NAACP. The old CIO Retail, Wholesale and Department Store Union was controlled by both Trotskyite and Stalinist Communists.

JEWS IN THE COMMUNIST PARTY

Here is a segment of the story of the Communist Party in the United States and willnigh the whole story of its Jewish section.

It reveals how the Communist Party was able to draw in its ranks a number of Jewish workers and of its leadership. The book reminds its readers that the majority of them have come from Russia and that many of them had participated in the Revolutionary struggle of Russia.

It tells how the revolution aroused their enthusiasm and evoked their deepest sympathy. The story of the Communist movement among Jews reveals their contribution toward the history of the Communist Party. Melech Epstein has disclosed that story, although throughout his book he apologizes and attempts to make excuses for the amount of Jews in the Communist Party. However, what is especially significant is that Epstein writes with authority, as one who knows Communism in America from the “inside,” as one who was in its vanguard from the beginning, editing its Yiddish daily Morgens Freheits from 1925 to 1929. He remained in the Party until 1939.

VICTORY FOR DEERFIELD

The Lake County Circuit court in Waukegan dismissed a motion by developers of an integrated housing project in Deerfield to delay condemnation proceedings by the Deerfield park board.

In dismissing the motion, Judge Bernard M. Decker said, “By their motion, the defendants (the builders) are asking this court, without a hearing, to do what the federal District court, after a hearing, has already refused to do — that is, to issue a stay of the condemnation proceedings.”

21 Acres Involved

Federal Judge Joseph Sam Perry dismissed an injunction suit March 4 in Chicago under which the Progress Development corporation, 3317 Foster Av., sought to restrain the park board from condemning 21 acres of land in the north shore suburb on which the company is building a proposed racially integrated housing project.

He also denied the builders’ demand for $750,000 damages from the village, the park board, and a citizens’ committee which opposed integration.

Judge Perry also ruled that there was no conspiracy by Deerfield residents and that the builders’ civil rights had not been violated, as had been charged, and that the builders could not seek damages in federal court.

DEMANDS FOR WHITE SENTINEL INCREASE

The White Sentinel is now in many public libraries throughout the United States, it is also in the Library of Congress, Washington, D. C., and in many college libraries. It is being sold on the newsstands in some areas. Senators, Congressmen, State Attorney General’s, and many professional people subscribe to The White Sentinel.

For the month of February The White Sentinel printed over 150,000 pieces of literature. Many of the residents of the community of Deerfield, Illinois, received the January issue exposing the Red plot to integrate housing. It was necessary to re-run this issue. We are reaching thousands of new people throughout the United States, who agree with the message The White Sentinel carries.

Would you like The White Sentinel to continue to produce this large volume of literature? If you do, you can help us by sending a contribution to keep our presses rolling. We will turn your contributions into ammunition. If you believe we are doing a good job, ACT NOW!
